Regional Disruption Analysis

Koramangala 4th Block	ZONE CLOSURE LIKELY (88%)
Indiranagar 100ft Road	HEAVY PRECIPITATION (65%)
HSR Layout Sector 7	TRAFFIC CONGESTION (42%)

Intelligence Summary

Satellite data indicates a high-intensity localized storm cell moving towards the South-East quadrant. Local ground intelligence suggests spontaneous zone restrictions due to civic events. AI recommends pre-emptively loading payouts for verified delivery partners in Koramangala.
